Matthew –

Is it possible to add Am-243, U-238, U-235, U-234 and Pu-238 to the Valid Value list of Analytes?

Thank you.

Kim

Lets try this with the attachments.

Hello, I am Matt Loesel and am taking over for Martin McComb as EPA Data Management contact. Please find attached the Signed Data Management Plan and Data Element Dictionary. If you have any questions please let me know. Also when possible please pass along your data contacts, so we can start working with them on SCRIBE and the data management process.
